

Join the world leader in thermal mass flow meter technology. FCI began in 1964 by pioneering the development and application of thermal dispersion flow and level sensing technology. The Company is the world-recognized leading manufacturer for solving flow and level measurement applications for industrial process and plant applications using patented thermal dispersion flow measurement technology.

From off-the-shelf product solutions to custom engineered products and systems, FCI provides world leading experience and a record of unequalled innovation to meet or exceed our customer application demands. Complimenting FCI product leadership is a world class Flow and Level Calibration Facility in which all calibrations are performed in liquids or gases utilizing only N.I.S.T. traceable equipment and instrumentation.

Currently, we are seeking a Quality Inspector I for our Quality Assurance department.

**Essential Job Functions (primary duties and outputs of position):**

- Inspect all commercial products at receiving and in-process inspection.
- Complete operation sheet with stamping and dating for controlled production.
- Maintain lot traceability.
- Interpret production schematics, specification and/or blueprints.
- Perform final inspection of complex assemblies or first article inspection.
- Administer prescribed inspection procedures, set up and checks.
- Perform visual inspections on production bench-assembled components and subassemblies for conformance.
- Predetermine electrical and/or mechanical standard, specification or tolerances.

**Minimum Requirements:**

- 1 or more years' experience in medical and/or manufacturing QA inspection.
- Must be able to operate standard inspection devices and/or elementary testing equipment.
- Able to build and test complex subassemblies and final assemblies.
- Must be able to read and understand wiring diagrams; schematics, blueprints.
- Must be able to read and interpret drawings and follow verbal and written job instructions.
- Experience working in a controlled environment where lot traceability is required.
- Computer experience (using Excel) for data collection.
- Requires US citizenship or permanent resident alien certification.

**Safety**

- Follow safe work practices, participate in safety training as required, and report any unsafe condition or accident.

**Quality**

- Understand and support the quality policy and the appropriate elements of the quality management system for their areas of work.
- Dedicate efforts to the reduction, elimination, and prevention of quality deficiencies while meeting customer requirements.
- Initiate action to prevent the occurrence of nonconformities related to product, process, and quality system.

**Communication**

- Communicate effectively in English, both verbally and in writing.

- Maintain effective and constructive working relationships with others both internally and externally.
- Prepare effective reports and presentation of departmental information.

**Physical/Travel Requirements:**

- This position requires bending, walking, and standing, typing and lifting a maximum of 25 lbs.

These duties may be modified or changed at any time at the sole discretion of management either orally or in writing. The above statements are not to be construed as an exhaustive list of all responsibilities, duties, and skills required of this position. All personnel may be required to perform duties outside of their normal responsibilities from time to time, as needed.

FCI is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex including sexual orientation and gender identity, national origin, disability, protected Veteran Status, or any other characteristic protected by applicable federal, state, or local law. If you are qualified individual with a disability or a disabled veteran, you have the right to request an accommodation if you are unable or limited in your ability to use or access our career center as a result of your disability. To request an accommodation, contact a Human Resources Representative.

FCI is an ITAR required employer and active participant of the DHS and SSA E-Verify program. Contract requirements for ITAR identify US citizen or permanent resident alien in the absence of ECCN.
