

## FCI Appoints W.T. Maye, Inc. As Exclusive Representative in Tennessee

**San Marcos, CA** — Fluid Components International LLC (FCI) is excited to announce the appointment of W.T. Maye, Inc. (WTMI) as its new and exclusive manufacturer's representative for Tennessee and parts of Arkansas and Mississippi.

For over a decade, WTMI has represented premiere manufacturers of process and analytical instrumentation and controls. We are pleased that they will be bringing their dedication and technical product expertise to FCI's industrial customer base in this territory.

We invite you to contact the WTMI office in Knoxville, TN to learn more about FCI's experience and broad offering of thermal mass flow meters, flow/level switches and flow conditioners; discuss any specific applications/requirements, request a product quotation or technical information, or to place an order.
